LOUISVILLE BOOSTERS

We Welcome You
To the Home of
Boone Way

"CUMBERLAND'S NORTH GATE."

Rah' for Louisville.
Howdy,
Bob Brown.
Hello There.
Where's Dave Jackson?
Louisville and Boone Way.
We want you to come again.
"Heads of houses" sounds O K.
Boosters added, counts some, also.

The Cumberlands and Louisville.
Get acquainted with your neighbors, you may like them.
Col. B. H. Young contributed the first dollar, from his city, to postage and printing fund of Boone Way Boosters. (1913).

Daniel Boone past this way in 1769 enroute to Harrodsburg (to be).

Three cheers for the Louisville Boosters and as many for Boone Way which they aided in putting on the map.
It was thru the legislative members of Jefferson county, and Louisville's activity in support of the Kentucky Good Roads Association that gave the mountains of Southeastern Kentucky an opportunity to make it possible for the construction of Booneway. If there had been no Boone Way there would have been no chance for an East Dixie Highway.

On May 24th, four years ago the Louisville Boosters paid our town a flying visit, arriving here at 10:30 a. m. On the speakers committee was found this talent:

C. W. Milliken, Dr. Ben L. Bruner, Sam P. Jones, Thos C. Timberlake, John J. Davis, W. W. Davies, Wallace McKay, Smith T. Bailey, A. B. Lipscomb, Frank Cassell, Frank F. Laib, and Robt. F. Vaughn. There were others along who could also handle English "as she is spoke."

The people of the mountains cannot and will not forget the part Louisville and her business men have taken in the promotion of Boone Way and good roads in South Eastern Kentucky.

The Louisville newspapers have the hearty thanks and appreciation of the mountains for the great assistance in Boone Way work. The Courier Journal, The Times, The Evening Post and

Herald, all boosted, especially did the two just mentioned.

Any map without Mt. Vernon showing thereon would be thrown out of any court on demurrer.

The "Heads of Houses" train of five pullman coaches, with 100 Boosters left Louisville at 11 p. m., on June 7th. for a four days' run of 1000 miles, visiting 22 cities. Stopping over one night at Bristol-Va-Tenn., and one night at Knoxville, arriving Mt. Vernon Friday afternoon at 5 p. m. stopping for one hour and thirty minutes, being received with a welcome address by a local speaker representing the Commercial Club, response by one of the boosters. There will be "music by the band" which accompanies the boosters train. The "heads of houses" and boosters will visit the various business houses shake hands and get acquainted with the proprietors.

To our people of the mountains who have not studied closely the cause of its being made possible for us to get good roads, we would say look back into the matter and it will be found, that after Bosworth, comes Louisville, showing work done and results accomplished in this great work of salvation of the state, more especially south-east Kentucky.

"The purpose of the trip of (Heads of Houses," of Louisville (and boosters): "Is to renew old acquaintances, make new friends stimulate a better trade relationship between the cities and towns in Eastern Kentucky and Louisville."

"If I knew you and you knew me, If both of us could clearly see, And with an inner sight divine The meaning of your heart and mine, I'm sure we would differ less And clasp our hands in friendship Our throats would pleasantly agree, If I knew you and you knew me."

Boone Way is proving quite a popular name for other things beside the highway. Mt. Vernon has an opera house and a baseball team so named. The latter claims to have never lost a game since it was so christened.

L. & N. watch Inspector, S. C. Franklin, of Mt. Vernon, on visit to Louisville last week, was told by train dispatcher R. J. Lemonds that Maret, in his opinion, was the most progressive man in eastern Kentucky and had done more than any ten thousand men in arousing interest in pushing roads thru the Cumberlands.

Mr. Robert E. Woods, director of Kentucky Good Roads Association is due a portion of credit for the creation and maintenance of good roads sentiment thruout the state.

To James Maret, of Mt. Vernon is due the big credit for three years untiring efforts in creating a good roads sentiment for putting a good highway over Boones Trail, Cum-

berland Gap, via Mt. Vernon and Crab Orchard to Louisville; distance 250 miles; the first officially routed highway across the state, which was acted upon at Crab Orchard Springs meeting on May 14 1915, the largest good roads meeting that has ever occurred in Kentucky.

Mt. Vernon does make a whole lot of noise. Some think too much is made, but look at the results.

How in the world did the little old town of Mt. Vernon create such a stir? Really we can't tell but just keep reading and acting upon the writings of Mt. Vernon's chief booster, whose lines have appeared in these columns weekly for past three years as well as in most of the newspapers from Cumberland Gap to Louisville including the city papers, all alive to the vast interests involved.

Don't forget Mt. Vernon has a county Fair on August 4, 5 and 6, and that Brobhead, John Robins, Secretary, only six miles away, in the same old Rockcastle county, has a fair during the following week, August 11, 12 and 13th, and both are fairs with some life and get-up, not "lame dogs." The only county, we know of, in our state that puts on two successful fairs each year. All this is being done without good roads. Just use your imagination as to what will be done when Boone Way and Dixie are put thru.

Some of the visitors may, after observation, think that our streets doesn't show up in accordance to the great amount of noise that has been made by Mt. Vernon boosters, but let them take into consideration we are a mighty small town less than 1500 (but growing fast) and has been only a few (mighty few) years since we had no paved or other sidewalks, except a few planked and mud ones; one church building; no graded or high school nor a local clergyman in charge of a town church. Today we have three miles concrete sidewalks; three church buildings, three local pastors, graded and high school girls industrial and high schools, under charge of the Presbyterian.

Our town has a first class electric light plant, owned by members of the Commercial Club. No stock owned outside of town limits. Waterworks and ice plant will soon follow and will all be home owned.

Not necessary to say we have railroad, express, telegraph and telephone facilities; they are here.

Mt. Vernon has a number of first class mercantile establishments that will compare favorably with towns much larger than ours. Hotels, schools, churches, fraternal orders, and some of the public utilities, except waterworks, which are coming. Haven't reached street car stage yet but will in due time (after Dixie-Boone is put thru.)

Mr. Robert E. Woods, former postmaster of Louisville, and later director of Kentucky Good Roads Association, was a big factor in putting over road bond issue in S. E. Kentucky.

A good Commercial Club is the life of a town or city. Even a lukewarm origination beats none, but just think of what a "live" one can accomplish.

We don't feel big chested over what Mt. Vernon has done or is doing or going to do, (and believe the boosters will "18") though we simply feel justified, under the circumstances, to give a few puffs on the "big horn" for fear it might be overlooked by others less interested, and our city friends wouldn't know that "we done it."

Latch strings are a thing of the past in little old Mt. Vernon, having been discarded a short time after the birth of their Commercial Club and Boone Way Booster Band, when all gates and doors within the city were removed from their hinges and laid in the discard. Everything is wide open to the good roads people who are welcome at any and all times.

A. P. Sanford, Chairman Dixie Highway Committee Knoxville, in writing our Mr. Maret says: The excellent work of yourself and your Boone Way people made the location of East Dixie possible. We congratulate you."

Bob Brown, the hustling managing editor of Louisville Times writes our veteran Boone Way originator: "You have made a wonderful success where others have dismally failed."

Boosters, you are not Only welcome to our city Or to our whole mountain range Not forgetting Everything in sight, We bid you thrice welcome to All You see and then some more, (Continued on 3rd page)

East Kentucky-Tennessee Dixie Highway Ass'n.

Organized at Lexington Meeting June 5th.

Dixie Highway representatives representing territory from Indianapolis to Chattanooga, the section the Eastern Dixie Highway route, will traverse, formed an organization at Lexington on Saturday June 5th, to known as the East Kentucky-Tennessee Dixie Highway Association. The new organization will have for its purpose the supervision, aiding and encouraging of the construction of the Eastern loop of the highway within the allotted year according to specifications acceptable to the Dixie Highway Association, the parent body. A second Association, similar to that determined Saturday last, is being assembled between Cincinnati and Indianapolis to look after the construction of the road along that way, completing the Eastern route.

W. J. Sparks, of Mt. Vernon, Ky., one of the prime movers in Kentucky good roads was chosen president; W. C. Calkins, of Cincinnati, was elected vice president of Ohio; Judge W. T. Simmons, of Williamstown, vice pres., for Kentucky, and A. F. Sanford, of Knoxville, vice pres., for Tennessee. The president was empowered to appoint the secretary and treasurer. He has named James Maret, the Boone Way man, of Mt. Vernon, to the secretary's place, and Fred L. Durham, of the same town as treasurer.

Outstanding among the features of the day's busy activities were the attendance of the officials of the Southern Railway and Queen & Crescent Route; addresses by numerous good road advocates including the secretary of the Dixie Highway Association, W. S. Gilbreath, of Chattanooga, State Highway Commissioner Robert C. Terrell, and others, and the adoption of a resolution declaring it the sense of the meeting that the association support as far as possible, men for national office who will urge passage "of such measures as will secure the building" of good roads everywhere. The resolution was introduced by J. Frank White, of Cumberland Gap, the live-wire on the route.

Secretary Gilbreath declared that the specifications would not be uniform, since that would work a hardship on various parts of the country, except in matter of excellence. Portions of the road, he said, would be composed of, asphalt, concrete and macadam. Any roadway accepted by the State government of Kentucky, and built under State supervision, will be acceptable to the Commissioners. State Commissioner, Terrell made it plain, in his address, that his office would not be too stringent upon the mountains in way of specifications and said a properly constructed road, thru the mountain territory, with a spread of nine feet of macadam road would be accepted by the State, provided of course other portions of construction specifications are adhered to. These statements from headquarters gives quite a relief to the citizens of the mountains of Southeast Kentucky and East Tennessee who had feared

Mt. Vernon Letter to Lancaster Record

A short history of Boone Way
and its originator may be of interest
to the many Garrard friends of the
latter.

James Maret was born near
Wallace's Mill, two miles north of
Lowell, Garrard county, in 1855,
went to Texas in 1872 with his
father's family, learned telegraphy
returned to Hyattsville and re-
mained something over a year in
employment of Will A. Burnside.
Was appointed railroad agent at
Mt. Vernon August 1887, which
position he filled for eighteen
years. Started first newspaper in
Rockcastle, The Signal, in 1887.
Sold newspaper, but later, 1888,
repurchased and ran it three years
and sold to present owner, E. S.
Albright. Entered telephone
business with A. H. Bastin, of Lan-
caster, and ran lines from Stanford
and Crab Orchard to Mt. Vernon
in 1898, remained in telephone
work until autumn of 1914, entire
since which time he has devoted

his time to Boone Way work.

Back in 1912 the idea of a
National Highway to be constructed
from Cumberland Gap to Crab
Orchard, occurred to Mr. Maret,
who advised with friends on the
subject. A Commercial Club was
formed in Mt. Vernon, January 2,
1913; and on 9th of same month an
auxiliary to the club was organized
and named the Boone Way
Booster Band. They immediately
set to work on plans for National
aid. Many encouraging letters
from Congressmen, Senators, Gov-
ernors, Commercial Clubs of the
larger cities were received, and
bills were introduced in Congress
asking an appropriation for engi-
neers to make a survey of the route.

At the request of Senator Brad-
ley, the Agriculture Department
sent James T. Voshell, Senior
Highway Engineer, over the route
in June 1913, whose report of es-
timate placed the cost of the 95 miles
at \$1,024,000.00. Matters drifted
along. Senators Bradley and
James had done all that could be
done toward securing Federal aid.
It was discovered that we were
just a few years ahead of the
times. The time for government
aid to highways had not arrived
but the sentiment of our country
is growing strongly in that direc-
tion and after our thru highways
are established it is confidently
claimed that the National Govern-
ment will take hold and maintain
them.

After the Bosworth State Aid
bill passed the legislature our
Boone Way friends resumed oper-
ations with renewed vigor. Let-
ters, road literature and newspaper
articles almost made the mail car-
riers life a misery, so voluminous
were his loads made up of Boone
Way stuff. A speaking campaign
was arranged for in November
1914 with Robt. E. Woods, of
Louisville, and James Maret (Mr.
Maret did no public speaking but
boosted, who toured several times
all the counties to the south east
and fired the hearts of the Moun-
taineers with enthusiasm for good
roads generally and Boone Way
in particular. The result is known.
Road issues have been voted as
follows: Bell county \$250,000,
Knox \$200,000; Whitley 250,000;

Laurel \$100,000, Rockcastle \$100,-
000, and Lincoln Fiscal Court has
appropriated sufficient funds to
build four miles miles of the road
from Crab Orchard to the Rock-
castle line.

We, of the mountains and Mr.
Maret is one of us (though we will
still allow Garrard to say "our
Jim"); knew and felt the want of
a modern highway thru our do-
mains, where sometimes it occurs
for five months out of a year a
four-horse team will get stalled
and "mired up" with an empty
wagon. Your good people "down
yonder" don't comprehend our
situation, "up here" in these "ever-
lasting hills" shut off and isolated
from wagon transportation months
in the year. You don't appreciate
the blessings that surround you.

This road proposition which our
old Jim tackled and has been suc-
cessfully financed has placed him
on the highest pedestal of Moun-
tain appreciation and the propo-
sition to erect a monument in his
honor, while yet living, will be
carried out and Mt. Vernon, his
home, will be the place of its erec-
tion.

The many honors being con-
ferred upon Mr. Maret are as
much appreciated by our people
as by him, and that is saying a
good deal, all of which he acknow-
ledges in his modest way saying
he is mighty glad to have been
made the instrument to accomplish
something of such vast benefit to
his people and his country. The
meeting at Crab Orchard last week
was one of the happiest of Mr.
Maret's career, when he met that
big delegation of boosters from
his native county, Garrard, in
their committee rooms at the fam-
ous Crab Orchard Springs. A
number of these good friends he
had not seen for nearly forty years.
(Mr. M. says don't get it into your
head that he is old, that he is yet
a boy, if you have any road propo-
sition to trot out).

A. O. Stanley, Democratic can-
didate for Governor, spoke twice
in Richmond last Monday to more
than 1000 people. The first
speaking took place in court house
into which all couldn't crowd so
a second speaking outside was called
for.

High Officials Taking Tanlac

Judges, Mayors and Prominent Business Men Try Premier Preparation.

Lexington, Ky June 11-15.

"I have sold Tanlac since the beginning of its introduction in Lexington, to the Mayors of a number of cities, County Judges, Circuit Judges, and to many of the most prominent business men and professional men in Kentucky," said Wm. E. Stagg, the Lexington druggist.

"The demand for the preparation has been phenomenal. In all of my twenty years' experience in the drug business I have never seen anything to equal it.

"In addition to the Lexington demand, Tanlac has been shipped from my store to Kansas City, Mo. Colorado Springs, Colo.; Denver, Colo.; Memphis, Tenn.; Meridian, Miss.; Bonilla, S. D.; Pittsburg, Pa.; Jacksonville, Fla.; Louisville, Ky.; Tiffin, Ohio; Cincinnati, Ohio; Columbia, Tenn.; Palm Beach, Fla.; Phoenix, Ariz.; Los Angeles, Cal.; and many other points too numerous to mention. You may rest assured that every city in Kentucky also has heard of Tanlac.

"I can only account for the great demand for this preparation by the fact that it is a good medicine. That is proved by the numerous statements from those who have tested the medicine and are now convinced of its excellent merits. The public has evidently not been slow to appreciate the Tanlac merit.

"Practically \$20,000.00 worth of Tanlac has been sold and distributed thru my store within the past few weeks. Such a demand is most certainly unprecedented.

"My associations with Mr. Cooper and the agency for Tanlac has been very pleasant. I therefore take pleasure in commending Mr. Cooper and his very excellent preparation."

Tanlac, the premier preparation is on sale in Mt. Vernon at Chas. C. Davis' drug store and can also be obtained at the Central Drug Co.'s store in Livingston and John Robins' drug store at Brodhead, Ky.

MIGHTY HAAG SHOWS

Two Performances Given in This City Yesterday.

Although the weather was very unsettled yesterday, the Mighty Haag Shows gave two performances, afternoon and evening, and at each performance the shows received a large and well deserved patronage. The acrobatic performances were of a high class, there being stunts not usually seen in these shows. The show also has a fine lot of ponies and monkeys to please the children, besides the herd of performing elephants, tigers, hyenas, bears and several other animals, including the horned horse. In fact the show is one of the cleanest and best ever exhibiting here.

Mr. E. Haag, the owner of the show, is a very pleasant southern gentleman, his home being in Shreveport, La., and he is connected with several enterprises in that city.

If any show deserved patronage in the south it is one owned by southern people, and those visiting the Haag Shows may rest assured that they will receive fair treatment and get their money's worth.

The show leaves the city this morning for Mockville, where two performances will be given tomorrow. — Winston-Salem Journal.

Case of Leprosy Reported

Tennessee Health Authorities Find Victim Of Disease

Chattanooga, Tenn., June 5.—The first case of leprosy ever discovered in Tennessee has been found in Dickson County by the State Board of Health, according to advices from Nashville. Curley Nickell, aged 17, is the reported victim of the disease. Nickell was sent to the Louisiana leper colony.

DEAFNESS CANNOT BE CURED

by local applications, as they can not reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed. Deafness is the result, and unless the inflammation can be taken out and this tube restored to normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. Times, I would have severe pains in my left side.

The doctor was called in, and his treatment evoked me for a while, but I was very bed again. After
